

To Distributor Representative

Ref: Joint *Cefic-Fecc* Recommendation

ESAD assessments are many times carried out in companies that are ISO certified (ISO 14001/9001/50001, etc.). In order to increase efficiency and avoid duplication *Cefic* and *Fecc* recommend to **combine** ESAD Assessments with ISO certification or surveillance audits. For that purpose the assessors should be both accredited by *Cefic* and by the Certification Body who issued the ISO Certificate(s).

Victor Trapani
SQAS and Transport Regulations Manager
European Chemical Industry Council (*Cefic*)
Avenue Van Nieuwenhuysse 4, B-1160 Brussels

Gerhard Ahlbrecht
Responsible Care and Logistics Manager
European Federation of Chemical Distributors (*Fecc*)
Rue du Luxembourg 16B, B-1000 Brussels
